Add it up, all the times you've had enough  
Waterworks and endless, sleepless nights

Hold it back. When the times comes to attack  
You'll be ready; They'll say "you were right"

And they'll be coming back to see  
Everything that I've seen  
They're gonna get it. Got it? Go!

'Cause you're gonna show that you're gonna go  
All the way, all the way  
You've gotta take it if you wanna make it  
All the way, all the way  
You want it, you need it  
You won't be defeated  
No, you won't

Can't you see it's in motion?  
Offer blood and devotion  
Scars will heal in time

Smashing glass just to get past  
A cardiac the harder that they come  
The harder they will be falling down

Crawling back to see  
Down on shattered knee  
They're gonna get it. Got it? Go!

'Cause you're gonna show that you're gonna go  
All the way, all the way  
You've gotta take it if you wanna make it  
All the way, all the way  
You want it, you need it  
You won't be defeated  
No, you won't

All your life  
They cut you down to size  
Everything in time...

And what goes around  
Always comes around  
[x4]

You want it, you need it  
You won't be defeated  
No, you won't
