I have been waiting, waiting, waiting, for my systems to  
restore  
It's been such a bore  
You turn me on you turn me on so press my buttons  
plug me in  
Where have you been?  
Come to my window  
What do you see?  
I'm running low on memory.

Reboot My Heart  
Because of you I can restart  
(Reboot My Heart)  
And let me love again.

Lets fall in love, let's fall in love, let's fall in love  
through interface  
We'll share cyberspace  
Type me a story, me a story  
Don't you worry  
Cuz' my systems clean  
(Anti virus vaccine)

By my last user I was ignored  
She fried out all my circuit boards

Reboot My Heart  
Because of you I can restart  
(Reboot My Heart)  
And let me love again.  
Processing love is hard  
Without my heart crashing

I am still waiting, waiting, waiting for my systems to  
restore  
I cant' wait anymore

Reboot My Heart  
Because of you I can restart  
And let me love again  
Reboot My Heart  
High-tech romantic work of art

Reboot My Heart

And let me love again, just let me love again, and let  
me love.

All systems up and running  
Reboot My Heart.
