I've got this friend  
I don't think you know him  
He's not much for words  
He's hid in his hardened way

Oh I've got this friend  
A loveless romantic  
All that he really wants  
Is someone to want him back

Ohh, if the right one came  
If the right one came along  
Ohh, If the right one came, along

I've got this friend  
I don't think you know her  
She sings a simple song  
It sounds a lot like his

Oh I've got this friend  
Holding onto her heart  
Like it's a little secret  
Like it's all she's got to give

Ohh, if the right one came  
If the right one came along  
Ohh, if the right one came, along

It'd be such a shame  
(if they never meet)  
She sounds lovely  
(he sounds right out of a dream)  
If only  
(if only)  
If only

Ohh  
Ohh, if the right one came  
If the right one came along  
Ohh, (I've got this friend) if the right one came  
If the right one came along  
Ohh, (I've got this friend)

If the right one came, along
