

The Civil Wars

"Snowman"

Visit "[Snowman](#)" on MotoLyrics.com

Pick me up
Are you holding, man
Up all night
Please don't melt
Falling down
Bump me up
Time to hit the town

God save the Snowman
His teeth are falling out,
His head is in the clouds
His nose is on the ground
God save the Snowman

Jump my heart
Because I'm coming down
Save my life
Help him get
The carrot from his mind

Falling down, not being round
The flakes go up, not hit the ground
Falling down, not being round
Toast the day to winter's clown
Won't need a broom to help him now.

Get it up
Wish I could
Get a life
Not this time
Gotta hit the town
