Why are you so far from me?
In my arms is where you ought to be.

How long will you make me wait?
I don't know how much more I can take.

(Chorus:)
I missed you
But I haven't met you
Oh but I want to
How I do

Slowly counting down the days
'til I finally know your name

Oooh, the way your hand feels round my waist
the way you laugh
the way your kisses taste

(Chorus:)
I missed you
But I haven't met you
Oh but I want to
How I do
How I do...

I've missed you
But I haven't met you
Oh I missed you
But I haven't met you
Oh but I want to
Oh how I want to

Dear, whoever you might be
I'm still waiting patiently
