Lost sense of direction: nobody knows my name  
Confidence: correction  
I don't know how to play that game  
A straight line is quicker  
A straight line would make me fast  
I've burned my nose enough to know that straight lines  
never last

Swallow your soul  
And drink from this life  
As you choke on your pride  
We all look elsewhere  
We all look elsewhere

It's safer inside doors, nobody has to flee  
A broken vessel passed the rocks and out to sea  
Waiting, wanting, mad with purpose  
Now we come to talk to one who has the answer to how

Swallow your soul  
And drink from this life  
As you choke on your pride

Don't waste your time if you've got it  
The tides are turning now  
You are not alone  
They gave you their worst and you bought it  
The lie has been exposed  
You are not alone

Like winter that comes quick in early September  
The rain clouds that washed me are what I remember  
The stones that I threw piled high like a mountain  
Which I had to climb before I reached the fountain  
If life is a riddle then riddle me this  
The blood tasted sweet as it passed by my lips

Don't, don't waste your time  
Don't, don't waste your time  
Don't waste your time  
Don't waste your time if you've got it

The tides are turning now  
You are not alone  
Liar, liar  
They gave you their worst and you bought it  
The lie has been exposed  
You are not alone
