We'll go to square one
We'll go to square one
We'll say squaring

I looked in to your eyes
And you looked in to my mouth
And you said something

Yeah I'm drawing to a whole
Yeah I'm drawing to a whole
Yeah I'm drawing to a whole
To a whole

We'll get over it
We'll go over it
We'll do something

You looked in to my eyes
And I looked in to my mouth
We'll say something

Yeah I'm drawing to a whole
Yeah I'm drawing to a whole
Yeah I'm drawing to a whole
To a whole
