The sky was blue, yeah
And high above
The moon was new
And so was love

This eager heart of mine
Was singing, whoa

Lover, oh, where
Lover, oh, where
Lover, where can you be, yeah

You came at last, girl
And love had it's day, yeah
But that day is past now
You've gone away

This aching heart
Of mine is singing, whoa

Lover, come back
Lover, come back
Lover, come back to me

I remember every
Little thing you used to do
Let me tell you now. oh, yeah
All by myself, girl

And every road I walk along
I walk along with you
No wonder I am lonely, yeah

The sky is blue now
But the night is cold
The moon is new, yeah
But love is old

And while I'm waiting here
This heart of mine keeps singing

Lover, come back

Lover, come back
Lover, come back to me

Come on now
Lover, come back
Lover, come back
Lover, come back to me

Come on, come on now
Lover, come back...
