Whoa  
Whoa

I came down from the mountain, took my youth from  
the fountain and filled this town with music  
Yeah Main Street's the same street we grew up too fast  
and crashed before we knew it

Will I ever make it, I don't know  
I'm at the mercy of another show

And so we go  
Whoa  
And so we go dancin' after midnight  
Whoa  
Ain't got no choice, but baby got you by my side  
Whoa, dancin' after midnight

Whoa  
Whoa

There was a girl who came to shows and everybody  
knows and by the way she's dancing  
Yeah after midnight I make 'em sing and I make 'em  
cry but she's the last one standing

She sings along with every word she knows,  
And every word she sang into my soul

And so we go  
Whoa  
And so we go dancin' after midnight  
Whoa  
Ain't got no choice, but baby got you by my side  
Whoa, dancin' after midnight

Chasin' after dreams, fallin' through the seams, yeah  
you took me there and I found you dancin' after  
Midnight

And so we go dancin' after midnight

Ain't got no choice but baby got you by my side  
Whoa  
And so we go dancin' after midnight  
Whoa  
Ain't got no choice but baby got you by my side  
Whoa  
And so we go dancin' after midnight  
Whoa  
Ain't got no choice but baby got you by my side  
Whoa  
And so we go dancin' after midnight

Whoa  
Whoa, oh  
Whoa and so we go dancin after midnight  
Whoa  
Ain't got no choice but baby got you by my side  
(Hey yeah)  
Whoa  
And so we go dancin' after midnight  
Whoa, oh  
Ain't got no choice but baby got you by my side  
Whoa  
(I got you, I got you)  
And so we go dancin after midnight  
Whoa  
(I found you, I found you)  
Baby got you by my side  
Whoa  
I got you, I got you  
We're dancin, we're dancin  
Whoa  
We're dancin, we're dancin
