I found your picture in my wallet
Still got your sweater in my closet
I'll bring 'em by
Maybe tonight

And people askin' how I'm doin'
But every question still has you in
I say I'm fine
And I never think about you
But you're always on my mind

I'm getting over you
I'm getting over you most of the time
If I say it like I mean it
Then maybe I'll believe it like it's true
I'm getting over you

Been playing all the songs you hated
I called a girl I almost dated
She's not the one
But I'm having fun
And I'm better off without you
And I think it's what I want

I'm getting over you (whoa)
I'm getting over you most of the time
If I say it like I mean it
Then maybe I'll believe it like it's true
I'm getting over you

Even if it takes forever
I'll get myself together
I've been doing so much better

I'm getting over you
I'm getting over you

I'm getting over you (whoa)
I'm getting over you most of the time
If I say it like I mean it
Then maybe I'll believe it like it's true

I'm getting over you (whoa)
I'm getting over you most of the time
If I say it like I mean it
Then maybe I'll believe it like it's true
I'm getting over you

I'm getting over you
