Hey girl, what's your name I think I caught you looking
my way
Do you wanna know how to get me all to your own
Weekends work the best I pick the place you do the rest
Hey now don't be shy but you got to keep me in line
Love at first sight never thought in could happen to me
But you made me believe

Kidnap my heart
Take me with you
Kidnap my heart
Make my dreams come true
Take me away cause falling in love
Ain't very far, not far from the start
Kidnap my heart.

Can you get me up more
Fun that I could ever dream of
Could you tie me down
Can you keep me hanging around
I don't wanna be here to keep you company
Put your hand in mine got to hold on tight for the ride
Love at first sight never thought in could happen to me
But you made me believe

Kidnap my heart
Take me with you
Kidnap my heart
Make my dreams come true
Take me away cause falling in love
Ain't very far, not far from the start
Kidnap my heart.

You've got to hold me tighter
Cause I'm a real fighter
Don't tear us apart
Love at first sight never thought in could happen to me
But you made me believe

Kidnap my heart
Take me with you
Kidnap my heart

Make my dreams come true
Take me away cause falling in love
Ain't very far, not far from the start
Kidnap my heart.

Kidnap my heart
Kidnap my heart..
