I remember on one night the kid cut off his right arm  
In a fit to save a bit of power  
He got fifty thousand watts  
In a big acoustic tower

Security's so tight tonight  
Oh they're ready for a tussle  
Gotta keep your backstage passes  
Cause your promoter had the muscle

And so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knows  
And so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knows

In the tall buildings  
Sit the head of our nations  
Worthy men from Spain and Siam  
All day discussions with the Russians  
But they still went ahead  
And vetoed the plan

Now up jumped the U.S. representative  
He's the one with the tired eyes  
747 for the midnight condition  
Flyin' back from a peace keepin' mission

And so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knows  
And so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knows

In the air there's absolution  
In the wake of a snaky Persian  
On his arm there's a skin tightvision  
Wonder why she admires she is hiss'n'

And so it goes and so it goes

And so it goes and so it goes  
But where it's goin' no one knows  
And so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knows
