Looks like a beauty queen hand cut from a magazine  
What she wears suits her well, what's in her head is  
hard to tell?  
Can't do the lipstick vogue if your waistline doesn't cut  
a size zero  
I really better tell her that I want her, want her, she  
doesn't have a clue she's gonna, gonna...  
Cause me to act like this, making me a fool with your  
loveliness  
Looks like a beauty queen knowing it too, how she  
looks at me

We went to a party,  
With everyone dancing,  
But I was feeling sober so I couldn't move  
The Game she was playing  
The things she was saying  
I couldn't move  
I c-c-couldn't move

Second- glance, I'm paralysed. I've seen it once; I've  
seen it twice.  
I ask her if she's free and she replies 'you asking me'  
We go to a par-tee tonight, I look all right and she looks  
fine  
You-You know we could be lovers if we had each other  
We were rolling under- underneath the cover,  
Second- glance, I'm paralysed. She's knowing it with  
perceptive eyes

We went to a party, with everyone dancing,  
But I was feeling sober so I couldn't move.  
The game she was playing, the things she was saying,  
I couldn't move... I c-c-couldn't move

We went to a party, with everyone dancing,  
The music made me static 'cause it had no groove.  
The song they were playing, the words they were  
saying,  
I couldn't move... I c-c-couldn't move

You know we could be lovers if we had each other.  
We were rolling under- underneath the cover,

I couldn't move
