I saw you praying on the
doorstep of pain
I saw you praying to a god
you can't name

Oh they said you were lovely
but all I see is ugly

I saw you fall down and
not get up again
I saw you fall down,
Saw you fall down my friend

I saw you walking down these
sheltered blue halls
(I saw you walk, I saw you walk, I saw you walk)
kicking and screaming
only I heard your calls
(I saw you walk, I saw you walk, I saw you walk)

Of they said you were crazy
and I'd have to agree
You should've fallen
Should've fallen with me
'Cuz you know baby,
How I love company
'Cuz you know baby

How I love, how I crave
How I love, How I crave
Ooh...

You should've fallen
Should've fallen with me
'Cuz you know baby,
How I love company
