Girl in my dreams, where are you
Girl in my dreams, I'm so blue
How I yearn, how I long for you

If I could just hold your hand
Surely, then you would understand
That it's you I adore forever more

A love like mine is hard to find
It's a fire, it's a raging flame
Although you won't hear my plea
That love's raging just the same

Girl in my dreams, what shall I do
Girl in my dreams, I'm sad and blue
Can't go on, on without you
Girl in my dreams

A love like mine is hard to find
It's a fire, it's a raging flame
Although you won't hear my plea
That love's raging just the same

Girl in my dreams, what shall I do
Girl in my dreams, I'm sad and blue
Can't go on, on without you
Girl in my dreams

Girl in my dreams
Girl in my dreams
