Yeah lets not even bother,
This was trouble from the start.
Lets play it cool,
Keep it all inside
Yeah yeah.

Let wrap this up,
Kill the conversation
Oh you can blame this all on me.

Scream my name,
At the top of your lungs.
Coz I'm letting you know,
This is my final plan.
Scream my name,
At the top of your lungs,
Coz I'm letting you know,
This is my final plan.

It's not like I could be right about this oh,
The words flying out your mouth
Are terrible, oh so terrible
Compromise, it was time to turn around.
It was time to turn around woah.
Hope kept us, holding on.
