Darkness is the only answer
You seem to be just a whisper
My electricity
Will blow the roof off of your city
Whoa, whoa, whoa, yeah

Moonlight stains the street
Waves crash at you feet
How much, how much can you take
When the darkness, the darkness calls out your name
Out your name
Oh Oh Yeah, oooh tomorrow
Oh Oh Yeah, looks so fine
Looks so fine

Your bones, your bones
Your bones, your bones
Reach on down
Believe in me

The Skeleton army and it marches left to right
With the maxilla and scapula and it lasts all night
Deviance and the deviants can you breathe
Under the water looking up at me
Oh Oh Yeah, oooh tomorrow
Oh Oh Yeah, looks so fine
Looks so fine

Jose Manuel owns casino
Two in Vicksburg, one in Reno
Fancy flash, cocaine cash
Pretty girls around the world
In the pocket in the suit
Cops and judges, me and you
Whoa, whoa, whoa, yeah
Whoa, whoa, whoa, yeah
