So this stays been cold,  
The nights we'll share I long for.  
We'll look with more than just our eyes,  
I won't quit until I know that I truly tried.

Every way on my own, we'll move on.  
For the way will be unforgiving,  
We'll move on, on our own.  
I won't quit until I know that I truly tried,  
I won't quit until I know that I truly tried.  
(I wont quit, I wont quit)

Will we be there in the end,  
Or will this leave me wide open?  
Will this be here in the end,  
Or will it leave me wide open,  
Waiting on our second wind?  
We are all enabled.

I won't quit until I know that I truly tried.  
(I too will try)  
I won't quit until I know that I truly tried.

In all you say and do keep to the follow through,  
We're nothing without you.  
So tonight all the fearful will feed,  
And share remains with the ones who need.  
I've been used, I've been tried, I've been tested,  
But I have yet to break.  
So share your fears with me.

I won't quit, I won't quit,  
I won't quit until I know that I truly tried.  
I won't quit, I won't quit,  
I won't quit until I know that I truly tried.  
(We are enabled, we are enabled)  
I won't quit, I wont quit.  
(We are enabled, we are enabled)
