If you give up on me, then I give up on everything
I didn't come this far to not tell you the truth
And you'll know it's true because the answers that I tell
you will make you all feel sick
Feel hateful, feel useless and used, just remember that
every piece of trash

Was one time itself first used

Say the word

Say the word and I will go quickly to a light
Too much of anyone one thing at a time will leave you
blind
Say the word and I will go quickly to a light
Too much of anyone one thing at a time just left me
blind

You need to get through what you are going through
Some day someone, somewhere will need you
If you give up on me, then I give up on everything
Back and forth my reason grows, I didn't choose this I
was chose
Back and forth my reason grows, I didn't choose this
and I want to go
Home is where the hurt is and no one even knows

Say the word and I will go quickly to a light
Too much of anyone one thing at a time will leave you
blind
Say the word and I will go quickly to a light
Too much of anyone one thing at a time just left me
blind

If you give up on me then I give up on everything
If you give up on me then I give up on everything
