Like flies onto shit the tragic attracts the opportunist
pricks,
they're hard in the pants thinking of your good will
you cant feed the poor with camel cash or billboard ads
they're cumming in their pants thinking of your cash!
cumming in their pants thinking of your cash..

Why? why?! why??!
It's a violent world and peace is a pipe dream.
uhhhh, whatever helps you sleep....
it's a violent world and peace is a pipe dream.

Peace is a pipe dream.

I gave my naivety to charity
I gave my naivety to charity
now I'm in the know
and I'm cold hard and cashed for compassion
and I'm cold hard and cashed.

Like flies onto shit the tragic attracts the opportunistic
pricks,
they're cumming in their pants thinking of your cash,
cumming in their pants thinking of your cash.
