"Special Memory"

You will always be
A special part of me
You will always be
A special memory
I'll always cherish wonderful moments
you have given me
You are in my heart
Wherever I may be
Wherever I may be

All the times we've shared
Will always be to me
Songs my heart would sing
With pleasing melody
I'll put together all of your letters
like a symphony
I'll remember you
Wherever I may be

I'll put together all of your letters
like a symphony
I'll remember you
Wherever I may be
I'll remember you
I'll remember you
I'll remember you
Wherever I may be
Wherever I may be
A special memory
