How's it got so far?
I've gone way too far
It's become so hard
How'd it get so far?

And why does it hurt?
I don't want the hurt
I can't stop this hurt
Can I stop this hurt?

I have let you down
I have let me down
Heard what's going down?
Now I'm one of them

And why does it hurt?
I don't want the hurt
I can't stop this hurt
Can I stop this hurt?

Take me out to sea
Make it pain to see
Stop this misery
Where all eyes can see

And why does it hurt?
I don't want the hurt
I can't stop this hurt
Can I stop this hurt?

I will find my way to you
I have to find my way to you
All I see is you
And you're beautiful
But you're far away
And you're over me
And you're so happy
And I can't get through
'Cos I fucked it up
Leaving you for dead
Now I'm starved for air
And there's no one there

Now way out of here
'Cos I failed again
Nothing left to say
I've thrown it all away
My head is spinning around
And my throat is tight
And my heart is cold
I think I'm about to fold
But they don't care for it
They don't give a fuck
Telling me nothing
Show you a thing or two
Under black of night
Under crashing waves
Feel it crushing it
Squeezing every drop
I think I've lost control
It's controlling what I've got
How could I do this
To the one I miss?
The one I dream about
I want to scream and shout

All I see is you
