I am all alone and I can't be without you  
Can you feel the pain that's in my heart  
Its been so long since I've had you near me  
And it is tearing me apart  
I wanna be with you I wanna change my life  
I wanna help somebody you know Ive got the time  
I know there's pain inside you don't want another girl  
You don't like the eart we live on  
Then I'll change the world  
And it's true that I can say I love you  
With all that's left inside my soul  
You're the only one that makes me laugh instead of cry  
You're the only one that makes me whole  
I want the world I'll take control  
I'll try to make things right I won't turn out the lights  
I won't turn my back on you  
When things are down I'll turn it all around  
Turn a smile from a frown that's what I'm gonna do
