From the littlest things
and the pain that it brings
down to the things you miss the most
but you wont let yourself go
No you wont let yourself

Cause time and time again
You feel that road a little more
But if you let yourself go
Then we wont hit that road

Cause I cant see the sky
But its yours to be seen
If you can let yourself go
If you can let yourself

But is this the time
Is this the place?
And "is the the end?" is all I can say
I promise I never meant to turn you away
Why did you trust me with you heart?

So consider the things
and the pain that it brings
Down to the things you miss the most
And if you let yourself go
the next thing you know

Cuz I have seen this guy
He's looking at me
Yeah and he thinks I'm something else
So you can walk yourself home
Yeah you can go

Even though,
you waited,
I know you can begin on your own,
you can begin on your own...

But is this the time
Is this the place?
And "is the the end?" is all I can say

I promise I never meant to turn you away
Why did you trust me with you heart?

I promise I never meant to turn you away,
Why did you trust me with your heart?
