I'm not that funny not that nice  
I'm always right and I won't compromise  
Bitch and moan a real headcase  
But she always has a smile on her face  
It'd be easier to understand if I was a more attractive  
man  
But I'm not so  
Got a face for radio why can't she see  
Got a face for radio she's got eyes for me  
It'd be easier to understand if I was a more attractive  
man  
But I'm not so  
Got a face for radio why can't she see  
Got a face for radio she's got eyes for me
