Can you hear it.  
It's not a war they said  
Can you smell it?  
It's just a change instead

Do you feel peaucier?  
With your very mundane hate  
You feel concerned about safety  
But the plague is set to desecrate

Oh, Total Eclipse, came for Our Sun  
He's dead our Son  
(He's dead)

Oh, Total Eclipse, end of the run  
Dead Europa  
(You're dead)

You think God's a square  
No religion they said  
Trying to hide the scare  
Of what's coming ahead

Can't you feel it in the air?  
It is freedom they said  
And you are too dead to care  
About this final spread
