When you first left me
i was wanting more
but you were fucking that girl next door
whatd you do that for

when you first left me
i didnt know what to say
id never been on my own that way
just slept by myself all day

i was so lost back then
but with a little help from my friends
i found the light in the tunnel at the end

now youre calling me up on the phone
so you can have a little whine and a moan
and its only because youre feeling alone

at first when i see you cry
yea it makes me smile
yea it makes me smile
at worst i feel bad for awhile
but then i just smile
i go ahead and smile

whenever you see me
you say that you want me back
and i tell you it dont mean jack
no it dont mean jack

i couldnt stop laughing
no i jus couldnt help myself
see you messed up my mental health
i was quite unwell

i was so lost back then
but with a little help from my friends
i found the light in the tunnel at the end

now youre calling me up on the phone
so you can have a little whine and a moan
and its only because youre feeling alone

at first when i see you cry
yea it makes me smile
yea it makes me smile
at worst i feel bad for awhile
but then i jus smile
i go ahead and smile
