This Rock n Roll Saves My Life  
I'm not Fucking around, Look at my eyes  
YEAH! We get high, We get sober  
YEAH! We by, We get nowhere (we get nowhere)

I can't believe I got here so fast  
I can't believe I got here so fast

So when I fall apart for days  
Falling fast asleep I'll take this to my grave  
I'll need it when I go Fall apart for days  
Falling fast asleep I'll take this to my grave  
I'll need it when I go

Reach for the night This is are time  
I'm taking em back (my wishes)  
I'm taking em all back

I tried to leave and I ended right here  
I tried to leave and I ended right here

So when I fall apart for days  
Falling fast asleep I'll take this to my grave  
I'll need it when I go fall apart for days  
Falling fast asleep I'll take this to my grave  
I'll need it when I go

Just breathe this in  
Just breathe this in  
I plead the fifth I need this shit  
I'm in for it
