Watch the Fire Burn
And shatter the exits you can escape in
You know you know It's in the palm of your hand

Save me
Save me from this place
So am I dying alone
Wow I wanna do it again
With or Without (you)
I've got my friends right here
So am I driving alone
Yeah I think I'll make amends
Amends
I fear
You're living so insincere
If you don't know by now
You're gonna disappear

Watch the Fire Burn
And shatter the exits you can escape in
You know you know It's in the palm of your hand

Sit down
Sit down we should speak
Now that I've got you alone
What the hell is happening here
With you Cuz I
Believe is something's
I know I would die for
You can have a heart like mine
Like Mine
I fear
You're living so insincere
If you don't know by now
You're gonna disappear

Watch the Fire Burn
And shatter the exits you can escape in
You know you know
It's in the palm of your hand

It Burns, It Burns, It Burns

Watch the Fire Burn
And shatter the exits you can escape in
You know you know
It's in the palm of your hand
