Close your eyes

'Cause there's something

That I have to tell you

We will stand still

And make choices

And our hands will

Help our voices

Don't ask why

We will never understand it

It's frightening, no defenses

It's like lightning to the senses

[CHORUS]

It comes straight from the heart

Into your life

All of that waiting

Has turned out all right

Straight from the heart

Into your soul

The power of love

Is something you can never control

Tell no lies

And if you feel the need

Then say so

It's as though you're

Afraid of laughter

'Cause you know what's

Coming after

[Repeat CHORUS]

Now it's time to leave

The road that leads you nowhere

You must go where a love unspoken

Can repair what has been broken

It comes straight from the heart

Into your life

All of that waiting

Has turned out all right

Straight from the heart

Into your soul

The power of love

Is out of control

Straight from the heart

Into your life

All of that waiting

Has turned out all right

Straight from the heart

To your soul

It's out of control

Straight from the heart

Into your life
