

The Crash "Flash"

Flash! Flash!
I heard your song on the radio
Who am I to resist heroes?
Saw your show in the neon lights glow
Who am I to escape your soul control?
May your love be untrue,
There's nothing I would not do for you Flash
Flash! Flash!

You rule the world with the rhythms of the night
Who am I to resist your time
Forevermore we'll remember the name of a boy without
shame
It's you, it's you, it's you
Flash! Flash!

Flash, sing me to the stars
Hey Flash, sing me to the stars
Flash, sing me to the stars above
Hey Flash, sing me to the stars
Flash! Flash! You're the man. Flash!
