"Oh What A Night"

Oh what a night we had. Oh what a lovely night
And suddenly you came to me nervously, ee-ee
Oh what a time we had. Oh what a lovely time
How easily the world agreed with all that we hoped for
Oh yeah, ah ha

Look at me now
And promise me this:
All things are perfect
Don't say that you wouldn't love me

Oh what a thrill we had. Oh what a lovely thrill
And something new was flowing through you and me,
ee-ee
Oh what a night we had, oh what a lovely night
I think we knew just why we were breathing so deep
Oh yeah, ah ha

Look at me now
And promise me this:
All things are perfect
Don't say that you wouldn't love me

The evening's so still
Like waiting for this
All things are perfect
Don't say that you wouldn't love me
