Journey, journey of love
Journey

From a teenage crush
To life's greatest thrill
From a crazy dream
To the plans we'll fulfill

From the high school dance
To the church on the hill
I'm gonna take you on
A journey of love

Journey, journey of love
Journey

From our first blind date
To a love bright and new
From a stolen kiss
To a dream that came true

From the study hall
To a Heaven for two
I'm gonna take you on
A journey of love

Journey, journey of love
Journey

So, come with me
And you will see
How happy we will be

From the crowd at the hop
To our being alone
From the Coke that we shared
To our sharing a home

From a couple of kids
To some kids of our own
I'm gonna take you on
A journey of love

Come with me, come with me
I'm gonna take you on
A journey of love

Journey of love
