[CHORUS]

You need a real love  
You need a real love  
You need a real love  
You need a real love  
You need a real love

Our mystery fans  
You in lonely shoes  
With two hearts a beating  
The rhythm and blues

Three doors down  
At the end of the hall  
Hands in your pockets  
Waiting for his call

Girl, you say that you are ready  
It's a promise you can taste  
You believe you are hungry  
For a love that just won't wait

[Repeat CHORUS]

From the unbending night  
You have fashioned a new life  
Where your moves are like you're  
Walking on the sharp edge of a knife

You knock back your feelings  
Like you knock back a drink  
Oh, you knock back your contest  
Then you can think

Then you tell me that you're ready  
When I had it up to here  
You are standing in the doorway  
And you just won't get through here

[Repeat CHORUS]

Hey

Then you tell me that you're ready  
When I had it up to here  
You are standing in the doorway  
And you just won't get through here

You need a real love  
You need a real love  
Girl, you need a real love  
You need a real love  
You need a real love
