Tonight it seems unsure
If I'd made it up but then
We got 9 hours or more
It makes no difference
Cos that thought drifts right in
Or a focho wind
And tries to take me back
So I might have to go
Oh no

No-one has to tell me
I know I have to let it go
But it's so nice
Being uptight
So sorry that I never will be
The kinda guy you'll like
But it's so nice
Being uptight

Been treated like a sister
But here's something she don't know
In her basement hangs a picture
That fucked my heart up
A memory takes my hand
A real gentleman
In every way but one
That I don't know
Oh no

No-one has to tell me
I know I have to let it go
But it's so nice
Being uptight
So sorry that I'll never be
The kind of girl you'd like
But it's so nice
Being uptight

Got a name, all that remains
Some day you know this back will break
We're not a million miles away

Some day you know this back will break
