I'll walk this long road  
'Till I find my way home  
To somewhere familiar  
To lay down my bones

The trouble is, nothing looks the same  
The trouble is, I don't think it ever will

Oh, have you come for me?  
Oh, have you come for me?

Pull me out of the ocean  
Take me up in your arms again  
Just the way with the love you send  
Such a strange education  
Leads me into your arms again  
Cast away, lost again

Stars in the dark sky  
Pull my mind outside  
But this conversation  
Wants to bleed me dry

The trouble is, I don't know what to say  
The trouble is, I don't think I ever will

Oh, have you come for me?  
Oh, have you come for me?

Pull me out of the ocean  
Take me up in your arms again  
Just the way with the love you send  
Such a strange education  
Leads me into your arms again  
Cast away, lost again

I've walked this long road  
Trying to get home  
To someone familiar  
Like this voice on the phone

Oh, have you come for me?  
Oh, have you come for me?

Pull me out of the ocean  
Take me up in your arms again  
Just the way with the love you send  
Such a strange education  
Leads me into your arms again  
Cast away, lost again
