What's up yall? It's life
Yeah I'm still rappin'
haven't been in action
But I haven't been relaxin'
Took a little breather
Cause it wasn't either or it was a war
my spirit was in need of the Lord
And I'm sore from the fight but it's right now
Armed to the tooth with biblical truth
Ready to be light now
And salt now
So lets put it on now
Get it torn down for the king who wore the thorn crown

My position has risen from misery
No longer a slave to gifts that God has given me
Just to see
You can check out my history
Peep my timeline it's by devine design
No mystery
I used to dabble in some black magic
Cause I used to sell crack on the corners to the crack
addicts
Now I bust for Christ like I'm an akmatic
And if I sound mad your right cause I have had it
This life we're all bad at it
And if you're not in the light you're in the dark taken
stabs at it
Trust Christ he can adjust like craftmatic
And you can begin with himinstead of end tragic

Let's get it on now, get it torn down
Let the horn sound, let 'em know it's goin' down
Ya city, ya town, ya hood, ya ground
Ya block, know now son it's goin' down
(repeat)

Life is priceless. Thats why Christ did what He did
so when I'm on this mic it's to let men knowthe night's
got vics
and Satan has darts that are sharper than ice picks
I never wanna spit just to say that I'm nice with th verbs

You haven't heard? Herb ain't righteous
get it from the ground and found that you can pipe it
It was never meant to be a pat of everyday life
If the hennesy is your remedy to the trifeness
you're lifeless but if you accept Christ
His offer won't cost ya and you escape the lightness
His light gives light
to the path of the sightless
Strictness, tightness, narrowness, righteous
death and life switch, when ya know Jesus Christ is
Lord of your life the sacrifice biz
Is worth the physical hurt
'cause after this life

It's more than alright, worship all lights
Unflawed bodies, with an unflawed Christ
So let's get it tight, get our lives right
and let our light shine like Madeline Albright

Let's get it on now, get it torn down
Let the horn sound, let 'em know it's goin' down
Ya city, ya town, ya hood, ya ground
Ya block, know now son it's goin' down
(repeat 6x)
