Get em krunk Oh, Get em, get em krunk Oh (3x)

[Chorus]

Once we get it poppin'  
We gon' keep it rockin'  
Ain't no need for stoppin'  
We gon' get it on in here

We'll get you open  
He's gon' take control  
And we're gon' keep it rollin'

[Verse One]

Anybody know what it's like to love this life  
Where're you at if you're with that practicing what is  
right

What's the matter is it utter strife?  
I thought you were tough, what's up?  
You can't seem to cut it just like butter knife

Ease up - they don't got Christ so they ain't got the  
muscle  
They live a hard knock life - you shouldn't knock the  
hustle

Besides homie, you know the system done did 'em  
wrong  
But sometimes that's what the Lord'll use to get'em  
strong

I know is hard man  
They're callin' on God's name  
But they can't tell when something really is a God  
thang

Let's turn 'em onto a God that can change things  
Cause they're gon' lose in this life if they don't change  
teams

[Chorus]

[Verse Two]

Do you smoke?

Nope

Shorty how you cope?

Hope!

In Christ the Lord who's workin' even though some hurt  
is certain

Do you party?

What?! You know we get it crunk

We got a high and they don't know where we get it  
from

You got rims that spin?

Nah, I don't need 'em 'ock

Besides, them Sprees cost at least 2 G's a pop

And I don't think that's how the King wants me usin' His  
loot

Especially when we're in a day where we're losin' the  
youth

They need a new model

If only they knew, God'll

Fill 'em up, fill up their cup, He can be their new bottle

They need to learn what true wealth is

Learn what true health is

Learn who true God and true self is

They need a higher view, so they can get the vision

They ain't seein' right

They need this life in higher definition

I think they better listen that's why I'm steady fishin'

I hope this makes them roll with our clique instead of  
dissin'

[Chorus]

[Verse Three]

So when you see us rockin'

All deep and on your block and

No need to call the cops man

Just come and join the flock fam

We made some room for you

Christ made a room for you

Unless you love this life then

He's hookin' up doom for you

So can they party like us?  
Yeah, if they can party righteous  
But ain't no righteousness unless you talking bout what  
Christ does

Check His word fo' me  
Look at His works Homey  
The earth needs to display His Glory, not just the  
Church only

So if you're satisfied with Christ alone - if that is why  
You can be home alone even if it's Saturday night

And if you're part of that people that go where He goes  
like sheep go  
Then you know we don't need no steeple just to get it  
on

[Chorus- X2]
