It's so hard to explain  
Like the feeling of the wind when it hits you  
Expected and possibly connected  
To everything around you

But now it's so hard to think  
That I was ever a part of you  
The feeling is mutual and this is reality  
I'd have to agree I'd sign my name right here  
But my hands are tied by a rock  
My, my hopes too high, hopes too high

All we've seen  
I'm hesitating and your not waiting around  
All we know is I'm holding on  
And I can't let this show, let this go

Everything leading up to this right here  
Well it's all to the point and onto  
Familiar however pointless and insincere  
All this time, and every single chance you had  
Well you think they'd get you somewhere  
Somewhere other than where you are

All we've seen  
I'm hesitating and your not waiting around  
All we know is I'm holding on  
And I can't let this show, let this go

So take a breath  
And give yourself a moment to reflect  
On every single mistake  
And every chance I gave to take

Everything is all I ever wanted to be  
And just like that everything was taken from me  
Quick turns, quick hands, and clever minds  
Turned endless days to sleepless nights  
[X4] Da da da da da; Da da da

[X2] All we've seen  
I'm hesitating and your not waiting around

All we know is I'm holding on  
And I can't let this show, let this go
