I know you're with me so sing along
We got a place that we can all call our home
I know you're with me so sing along
We got a place that we can all call our home

So sing like you're from Jersey now
Do your best to make your Garden State proud

This room is filled with the best of the best
But never forget who you are and where you come
from
Never forget the things that this place has taught you
(has taught you)

I know you're with me so sing along
We got a place that we can all call our home
I know you're with me so sing along
We got a place that we can all call our home

So sing like you're from Jersey now
Do your best and make your Garden State proud

So sing like you're from Jersey now
And sing it out loud (sing it out loud, sing it out loud,
sing it out)

I know you're with me so sing along
We got a place that we can all call our home
(Call this place our home)
