

## The Crucified "Conviction"

Visit "[Conviction](#)" on MotoLyrics.com

You're walking down the street just yesterday  
A kid tells you about God you say, "no way"  
He tells you hell, you kick him in the gut  
Well are you pretty tough since you  
Beat him up?

(chorus)  
Conviction is there something wrong?  
Conviction don't hold it in too long  
Pretty soon it'll come right out  
Don't we know what that's all about

Don't you want to get rid of that nagging void  
It's a force that only God can destroy  
Everyone has it until they let him in  
Receive Christ now - let your new life begin

(chorus)
