(chorus)

We are directed youth -- we know where we're going

When we were growing up - we saw the world
So screwed up - we refused to be a part,
We rebelled and hardened our hearts.
When we were growing up - we knew what was wrong
But had no right - so we lived for ourselves
Until we found Jesus Christ

(chorus)

Now that we have Christ - we're up here to tell you
You need what's right - what's good, what's peace
The only way is on your knees
If you do not accept - you will find how hell will be
I'm telling you now - it's the worst
It's the worst you'll ever see

(chorus x2)
