You went to church on sunday  
You got your sunday school star  
You act so secure  
But you don't know who you are  
You got drunk on friday late  
Drag God's name through the dirt  
Perfect example of  
Actions speaking louder than words

Spit you out (x3) luke warm  
Spit you out (x3) halfway  
Spit you out (x3) give all  
Spit you out (x3) or nothing

Christian girl wants a boyfriend  
No more sitting on her hands  
She settles for a moralist  
What's happened to her stand?  
I don't get it  
What's the deal  
This is the ultimate conformity

(chorus)

He'll - spit - you - out - of his mouth
