"I hate you, it's your fault
My life's messed up
I don't care what you say,
My way's right.
Where's your proof that
Anarchy just won't work?"
But Jesus Christ has the plan for you
Go your way
What's the cost

(chorus)
Rebellion (x4)

"my heart's black - apathy I'm so cold"
Change the world - let's unite humanity
Narrow minded - you call us
We're just fools
God will use the foolish things
To confound the wise
To show you that he's right

(chorus)

There is a choice - you must choose - now's the time
Heaven or hell - God is knocking at your door
Don't reject his only Son
He died for you (x2)
Salvation (x4)
