

## The Crucified "Your Image"

The blind are dead  
They don't see  
They don't listen to reality  
Walking in shadows  
Which blind their sight  
They live in darkness, without any light  
Laugh at us, spit at us  
When Jesus walked the earth  
He suffered the same  
The bible says we should be  
Crucified with Christ  
And in the end we receive our gift  
Eternal life  
When you wake up in hell  
Ask yourself  
Was your image worth it?  
Are you proud of yourself?  
You had a chance to receive  
To be a believer but  
You turned your back on God  
To be a crowd pleaser  
You!  
Walk around  
Oh so, secure  
But always in the end  
It's just a stupid trip  
You gotta keep that image  
Gotta fit in  
Playing up your image  
It's an image of sin  
Can't you see what I'm saying to you?  
Jesus Christ has taken me  
And made me new  
I no longer have the shadows  
Which blind my sight  
I resolve  
To walk in the light
