I still hang around neither lost nor found Hear the lonely sound of music in the night Nights are always bright That's all that's left for me, yeah I play the street life Because there's no place I can go Street life, it's the only way I know Street life And there's a thousand cards to play Until you play your life away You dress and walk and talk You're who you think you are Street life, you can run away from time Street life, for a nickel, for a dime Street life, but you better not get old Or you're gonna feel the cold There's always love for sale A grown up fairy tale

Prince charming always smiles Behind a silver spoon

And if you keep t young Your song is always sung

Your love will pay your way beneath the silver moon

Street life, street life, street life, oh street life
