"And I Believe"

Visit "[And I Believe](#)" on MotoLyrics.com

The world is forever changing,
Evolving, and growing.
Everything we know
Everything we love
Everything we believe in
Will change

Living is changing
Momentarily, everything will be re-imagined

10,9,8,7,6,5,4,3,2,1
Begin

The shattered heart
Inside of me
Rising from
The deepest dream
Spoken thoughts
That plant the seeds
I hear the voice

And I believe (x10)

The lovers kiss
Is born to feed
Perfect to eternity
Life allows
And all will be
I hear the truth

And I believe (x11)
