He cast you to this isolation  
Without the spark that made life real  
Nothing lost below the mourning  
Nothing moves and nothing feels  
Your distant eyes filled up with longing  
Who steals the dignity within?  
Black sails fade from the horizon  
And take away your innocence

It doesn't have to end this way  
He filled your head with make believe  
No time to cry so wake up  
Ariadne  
If doesn't have to be this way  
You define what you believe  
Take hold of your destiny  
Remember... what's inside

So cautiously you walk the dawning  
Searching through deserted dreams  
He used your love, he used your body  
And then discarded everything  
Your wanting eyes filled up with silence  
To find the dignity within  
To free the world beyond regretting  
Beyond the grays of innocence

Step inside and feel division  
Words make the delusion real  
Truth is not alive in knowledge  
Bt dead within the lies we deal

(Theseus will break your heart)  
(Theseus will break your heart)

What life has failed to grant you  
Live to claim, and claim to live  
So many paths lead to tomorrow  
What love has lost  
Can you forgive?
