A broken prayer for inspiration
"God be with me on this day"
So much fear, I tried to hide it
But now... I'm not afraid

When all is lost
In hope a ghost
There's no where left to turn
Release the light
A Nova bright
Below the Halo burns

(Chorus)
We won't sit down
We won't shut up
We won't go quietly away
We won't accept
We won't pretend
That we are less than fearless
The truth will find the deepest mark
No matter who you think you are
As the dark against my halo
Know with certainty
A ring of light still burning in me.

I face the crowd
The curtain's down
I see the jackals all around
I know they came here to watch me fall
The end will come - but not today

When all is lost
In hope a ghost
There's no where left to turn
Release the light
A nova bright
Below the halo burns

(Chorus)
We won't give up
We won't give in

We won't be taken down this way
We won't accept
We won't pretend
That we are less than fearless
The truth will find the deepest mark
No matter who you think you are
As the dark against my halo
Know with certainty
A ring of light surviving in me

We won't sit down
We won't shut up
We won't go quietly away
We won't accept
We won't pretend
That we are less than fearless
The truth will find the deepest mark
No matter who you think you are
As the dark against my halo
Know with certainty
A ring of light still burning in me.

We won't give up
We won't give in
We won't be taken down this way
We won't accept
We won't pretend
That we are less than fearless
The truth will find the deepest mark
No matter who you think you are
As the dark against my halo
Know with certainty
A ring of light surviving in me
