This room is screaming emptiness
Silence breaks the air
It leaves me lying on the floor
It leaves me dying there

Crawling through the trenches
You stand behind each door
Blood & sweat & muddy water
Up against the crashing shore

Take my hand, it's my world
Understand we'll make it real
Play with me in my world
All of this is my world

Black fire rising higher
It breaks across the line
There's hell to pay
And we'll pay all day
Because the fires mine

(chorus)

The course is moving closer
I can taste the water now
I feel the heavens shaking
As angels come dropping down

(chorus)
